(1,67)

Technical drawing of a curved metal part. The drawing shows a side view of a component with a curved profile. The overall width is dimensioned as (54,85). The overall height is dimensioned as 89,7 with a tolerance of +0,3 / -0,24. The part features a central curved section with two small square holes. The top and bottom edges are reinforced with a thicker material. A small circular feature is visible on the left side.

Technical drawing of a mechanical part, likely a pump housing, showing a cross-section A-A. The drawing includes dimensions: 40,7 ± 0,12, 30,2 ± 0,12, (1,8), 11,1 ± 0,08, 64,5 ± 0,18, 45 ± 0,12, and 11,1 ± 0,08. A coordinate system with origin O is shown at the bottom center.

The drawing consists of two views of a mechanical part. The left view is a partial view, labeled 'D-D' at the top and 'partial view' at the bottom. It shows a cross-section of the part with a central cavity containing a series of small holes. The right view is a main view, labeled '1' at the top right. It shows the front of the part with a curved surface. Section lines are indicated by arrows and letters: 'D' and 'E' for the main view, and 'B)', 'C)', and 'D)' for the partial view. Dimensions are given at the bottom: a total width of $6 \pm 0,12$, a distance of $43,8 \pm 0,2$ from the left edge to the start of the curved surface, and a total width of $54,7^{+0,3}_{-0,35}$ from the left edge to the right edge. The curved surface is labeled 'D)' and 'D)' at the top and bottom respectively.

Technical drawing showing a cross-section of a mechanical part. The drawing includes a dimension line indicating a length of $22,35 \pm 0,095$ mm. The part features a curved profile and a flange with a central hole. The drawing is labeled with '22,35 ±0,095' and '22,35 ±0,095'.

Technical drawing of a cabinet with dimensions and a cutaway view. The main dimensions are 1000 mm (width), 1000 mm (height), and 100 mm (depth). The cutaway view shows the internal structure, including the door and the cabinet body. The door is labeled with a width of 11,1 ± 0,08 mm and a height of 22,35 ± 0,095 mm. The cabinet body is labeled with a width of 11,1 ± 0,08 mm and a height of 22,35 ± 0,095 mm. The cutaway view also shows the internal structure of the door and the cabinet body, including the hinges and the locking mechanism.
