

HOUSING LEFT

Technical drawing of the 'HOUSING LEFT' part, showing a top view and a side view.

Top View Dimensions:

- Width: $84,5 \pm 0,4$
- Height: $85 \pm 0,4$
- Bottom Edge Width: $90 \pm 0,4$

Side View Dimensions:

- Width: $6,3 \pm 0,15$

The drawing includes various mechanical details such as screws, pins, and a central dashed line.

HOUSING RIGHT

FRONT PLATE

The technical drawing shows three views of a front plate. The front view (top left) is a rectangle with a width of $19,2 \pm 0,2$ and a height of $59,6 \pm 0,35$. It features a central vertical dashed line and a horizontal dashed line. A circular feature is located on the right side, with a center point marked by a dot and a crosshair. A dimension line indicates a distance of 0 from the top edge to the center of this feature. A dimension line indicates a distance of 0 from the right edge to the center of this feature. A dimension line indicates a distance of 0 from the bottom edge to the center of this feature. The side view (top right) shows the profile of the plate with a thickness of $1 \pm 0,1$. The top view (bottom right) shows the plate from above, with a rectangular shape and a central vertical dashed line. It features four circular features, one in each corner, with center points marked by dots and crosshairs. A dimension line indicates a distance of 0 from the top edge to the center of the top-left feature. A dimension line indicates a distance of 0 from the right edge to the center of the top-right feature. A dimension line indicates a distance of 0 from the bottom edge to the center of the bottom-left feature. A dimension line indicates a distance of 0 from the left edge to the center of the bottom-right feature.

HINGED COVER

Technical drawing of a hinged cover, showing three views: a cross-section B-B, a front view, and a side view.

Cross-section B-B: Shows the thickness of the cover as 0.4 ± 0.1 and the width of the hinge area as 21.1 ± 0.2 .

Front View: Shows the overall height of the cover as 61 ± 0.35 and the width of the hinge area as 5.45 ± 0.12 .

Side View: Shows the overall height of the cover as 20.5 ± 0.2 and the width of the hinge area as 22.6 ± 0.2 .

The drawing includes dimension lines, arrows, and labels for various parts and features, such as the hinge mechanism and the cover body.

17,5 ± 0,25

SPRING
5:1

Technical drawing of a helical spring. The drawing shows a side view of the spring with the following dimensions and features:

- Overall length: 13 ± 0.35
- Wire diameter: $\varnothing 4 \pm 0.15$
- A callout line points to the spring with the number **6**.

Assembly example: ME MAX 22,5 F G 3-3

Technical drawing showing the assembly example for ME MAX 22,5 F G 3-3. The drawing includes three views: a front view, a side view, and a cross-sectional view (A-A).

Front View Dimensions:

- Width: $22,6^{+0,35}_{-0,3}$
- Height: $85^{+0,5}_{-0,4}$
- Top Flange Width: $84,5^{+0,6}_{-0,4}$
- Bottom Flange Width: $(91,15)$

Side View Dimensions:

- Height: $16,3^{+0,15}_{-0,1}$
- Width: $2,3^{+0,1}_{-0,1}$

Cross-sectional View (A-A):

- Labels: A, G, H
- Dimensions: $16,3^{+0,15}_{-0,1}$, $2,3^{+0,1}_{-0,1}$

Isometric View:

- Labels: LEVEL 3, 2, 1
- Dimensions: height, width, depth
